Government College, Barotiwala

A Brief Profile

Government College Barotiwala is a well-established institution of higher education situated in Barotiwala, a rapidly developing town in Solan district. Nestled in the lower hills of Himachal Pradesh and located near the border with Haryana, the area lies in the foothills of the Shivalik Hills. This strategic location offers a distinctive blend of natural beauty and accessibility, combining the calmness of hilly surroundings with the advantages of nearby plains and industrial development.

The college was established to provide quality higher education to students from surrounding rural and semi-urban areas. Affiliated with Himachal Pradesh University, it offers undergraduate programs in Arts & Commerce. With its location in the Baddi-Barotiwala industrial region, the college not only promotes academic growth but also provides students with exposure to industrial and employment opportunities.

Government Degree College, Barotiwala came into existence through Himachal Pradesh Government's notification EDN - A - Kha (1)1/2015 dated 29 May 2015. It became functioning on 10 June 2015 with the beginning of the academic session 2015-16. The college was functioning at Government Senior Secondary School Barotiwala for almost 7 years. The classes became functional from April 2023 at its own building. Presently, the college provides education in Arts and Commerce streams with the help of well qualified, experienced, and committed teaching staff. The programmes are being run in accordance with H.P. University, Shimla guidelines and directions of the state Government.

From the Principal's Desk

It gives me immense pleasure to welcome all stakeholders of Government College, Barotiwala, especially our incoming students for the academic session 2026–27.

This year marks a significant transition for the institution as we implement the New Education Policy (NEP) 2020 for the first time, beginning with the first semester of the new batch. While the incoming students will follow the semester system, the second- and third-year classes will continue under the annual system. This dual structure may present certain challenges for the faculty and administration, but as educators we are well accustomed to navigating the evolving landscape of the academic process. I am confident that together we will adapt smoothly and successfully.

I urge all students to study the prospectus carefully. It has been thoughtfully prepared by the Prospectus Committee to serve as a comprehensive guide throughout the session.

The college has created a wide range of facilities to support your academic pursuits and to foster the holistic development of your personality. I firmly believe that our dedicated teachers and staff will guide you at every step, ensuring your meaningful growth both inside and outside the classroom.

Let us embark on this journey with enthusiasm and commitment, striving for excellence in education and character.

Jai Hind!

Jai Himachal!

A candidate shall have to undergo the prescribed courses of study in a period not less than 3 years and not more than 5 years from the date of admission. For more information the student can visit the UGC website www.ugc.ac.in.

EVALUATION SYSTEM

CREDITS

The term 'credit' refers to the weightage given to a course, usually in terms of the number of instructional hours assigned per week. This explains why 'credit' is usually taken to mean 'credit hours'. For the purpose of credit determination, the instructional hours are divided into 3 components:

LECTURES (L): Classroom lectures of one-hour duration.

TUTORIALS (T): Special, elaborate instructions on specific topics (from lecture) of one-hour duration.

PRACTICALS (P): Laboratory or field exercises of two-hour duration.

Each one of these components is considered equal to one credit. One lecture (L) or one tutorial (T) of one hour a week is considered as one credit, whereas one practical (P) of two hours a week is considered as one credit. The total weightage given to a course in terms of credits will be equal to L+T+P. This can be written in symbols as:

$C = L + T + P$ (where C is the credit weightage for a particular course)

MARKING/ASSESSMENT SCHEME

As per H.P. University guidelines, the marking scheme for all undergraduate courses in the annual system for B.Com./B.A. programme (with exception of some practical subjects) will

be in the ratio of 70:30 i.e., 70 marks for theory (annual examination) and 30 marks for Continuous Comprehensive Assessment (CCA). For all the courses of . Programme, the ratio will be 50:20:30 i.e., 50 marks for theory (annual examination), 20 marks for practical (annual examination) and 30 marks for CCA respectively.

CONTINUOUS COMPREHENSIVE ASSESSMENT (CCA)

The 30 marks under CCA will be determined by the concerned teacher on the basis of the following components:

1. Mid-Term Test = 15 marks (B.A/B.Com)
2. Assignments/Seminars = 10 marks
3. Classroom Attendance = 5 marks

Classroom attendance will be defined as follows:

75% but <80% = 1 mark
80% but <85% = 2 marks
85% but <90% = 3 marks
90% but <95% = 4 marks
95% = 5 marks

Note:- 75% classroom attendance will be mandatory.

MID-TERM

Mid-Term Test, which is mandatory for every student to take, will be conducted in each course during the academic year. Mid-Term test will be conducted on completion of 75% of the syllabus.

Note: As per the University guidelines, the student who does not score 35% marks in CCA and fails to have minimum 75% class room attendance will not be allowed to appear in the annual examination.
